Subject: Survey Your Way to a Better Bay!

Dear Governing Board members,

In advance of the BRP revision workshop planned during the Governing Board meeting on Thursday, October 19; we'd like to stimulate your thinking by asking you to complete this brief five minute, online survey. The survey addresses priorities and the focus for the SMBNEP in the coming years. You can access the survey through the web link below.

https://www.surveymonkey.com/r/GB_BRP_Survey

Topics and questions along the same line of the survey will be further vetted at the BRP revision workshop. We strongly recommend you complete the survey before next Tuesday. That way SMBNEP staff can build from the information collected in the surveys to improve the effectiveness of the workshop.

Thank you for your support and cooperation. Please feel free to contact Guangyu Wang at (213) 576-6639 guangyu.wang@waterboards.ca.gov if you have any questions.
